Thank you, Ben. Looping in HED for awareness. I think we have a check in meeting this week, we will see that HED is included.

Hi Trish.

Attached is the one spreadsheet listing documents that we still need to gather. The rows with no highlighting do not need to be gathered. The rows with green highlighting I've already gathered, so nothing for you to do there.

The rows with yellow highlighting are the ones that I still need the Program to gather. This consists of only six studies (MRIDs). I'm going to ask Earl Ingram to set up a SharePoint site where we can put these when we're ready.

In addition, as I explained in my previous memo, I need for you to verify my finding that NRDC's "Poison on Pets" is not in any regulations.gov docket (e.g., TCVP or Propoxur).

Finally, there might be a few more documents that NRDC requests, but for now, that's it.

Our deadline to produce these is Jan. 15 (so we'd need to compile it before that date). But if we can get it done before folks leave for the holidays, that would be **GREAT**! Since it's really on six MRIDs, I'm hoping that's doable. I think that would also be viewed as reasonable by the court and petitioner, since it's a relatively small number. I'm sure Mike Metzger could help if needed.

Thanks!

- Ben

Hi Trish.

Yes, I'll aim to provide the list today. I wasn't suggesting that we necessarily need to have a team meeting – maybe just you and I can touch base at some point.

Thanks!

- Ben

Hi Ben,

We had to move today's meeting to next week due to the OPP Town Hall being scheduled at the same time. Would OGC be able to provide this list before we meet on Tuesday?

Thank you,
Trish

Hi Trish. I was planning to bring something up at today's meeting, but it's just a list of things that need to be gathered (which I have yet to put together from the documents that I think you already have), and – in light of the relatively short list – discuss the possibility of getting it done before the holidays.

Also, I think we can work with Earl to set up a "protected sharepoint" site that will facilitate you transferring the documents to me.

Also, I was thinking of asking Earl to look at the few non-MRID non-public documents (e.g., DERs) to see if there is any problem with releasing them

Ex. 6 Personal Privacy (PP), but should be back before 9:00.

Thanks!
